Introducing a new Flight Leader

H44.5X16.5-21 30PR 235MPH

Announcing the latest addition to the Flight Leader line:

Goodyear's H44.5X16.5-21 30PR Flight Leader is approved for the Boeing 737-600, 737-700, 737-800, 737-900, and 737-900ER Main Landing Gear.

This approval is currently valid for all Goodrich (UTAS) and Honeywell wheels and brakes only. Messier Bugatti wheels and brakes are excluded from this approval at this time.

Orders may now be placed using the following information:

<u>Size</u>	<u>New Product Code</u>	<u>New Part Number</u>	<u>New Material Code</u>
H44.5X16.5-21 30PR	301-085-370	441K09T1	225178

Suggested AP3 as of Jan 2014: **\$6795**

Please contact your local sales representative for availability of this new tire.
