Marketing Bulletin 2014-06

August 29, 2014

## Goodyear Aviation is pleased to announce that our 8.50-6 6PR tire is now available as a tubeless tire.

We have converted our existing 8.50-6 6PR Aircraft Rib tire from tube-type to tubeless, and it can now be used as either tubeless or tube-type. The new tire is part number 856T61-1 and it has replaced 856C61-3. Existing and future orders for 856C61-3 will be replaced by 856T61-1 as soon as our stock of 856C61-3 is depleted. Both part numbers can be used interchangeably in tube-type applications (with tubes).

Tires are current in-line tires and orders may be placed using the following information:

Size	TT/TL	Part Number	Product Code	AP-3*
8.50-6 6PR	tube-type	856C61-3	301-117-530	\$519
8.50-6 6PR	tube-type/tubeless	856T61-1	301-099-030	\$519

\*AP-3 Goodyear Aviation Suggested Consumer Price listed here is valid as of the date of this bulletin and is subject to change from time to time.

For questions, please contact Rob Robson, General Aviation Sales Mgr, at 330.796.1596 or robert\_robson@goodyear.com.
